

Release Notes 1.11.0

Published on 08/13/2018

New Features

Custom Project Statuses

Need more customization? Define the unique stages of your workflow by using custom project statuses! Admins can now add or edit existing statuses to reflect the true flow of work throughout your organization. Custom statuses will appear within the project details and project list views to keep your team in sync.

Improvements

- Requests can now be filtered by tags on the request list view.
