

Campaigns, Projects, Tasks, Proofs, & All Work Report

Published on 06/14/2020

Target the exact data you need by creating a report for the level of work you are interested in.

Campaign Reports provide a bird’s-eye view of campaign activity and progress. **Project Reports**, though focused on detailing key project information, can also reference some campaign or work level information for additional context. Leverage **Task Reports**, **Proof Reports**, and **All Work Reports** are for micro-level insights into team performance. Power up your reports using **custom fields** (<https://guide-ignite.inmotionnow.com/help/custom-fields>) to track data unique to your organization.

Duration Definitions

Campaign Duration: The total amount of time starting when a campaign is created and ending when it is marked as any "Completed" status.

Project Duration: The total amount of time starting when a project is created and ending when it is marked as any "Completed" status (including custom project statuses).

Work Duration: The total amount of time starting when a work item is created and ending when it is marked as any "Completed" status.

Task Duration: The total amount of time starting when a work item is created and ending when it is marked as any "Completed" status.

Proof Duration: The total amount of time starting when a proof is created and ending when it is marked as any "Completed" status.

Current Version Duration: The total amount of time the current version of a proof is in the "In Review" status.

Overall Review Duration: The total amount of time all versions of a proof are in the "In Review" status.
