

How do I reset my password?

Published on 12/01/2020

You can reset your password one of two ways. If you're signed in already, you can reset your password from your **Personal Settings**. Click your avatar in the bottom left corner, then **Personal Settings**, and scroll down to **Password**. You'll need to enter your existing password, then enter and confirm your new password.

A screenshot of a web form for resetting a password. It contains three text input fields: "Current Password *", "New Password *", and "Confirm Password *". Below the fields is a green "Save" button.

Current Password *

New Password *

Confirm Password *

Save

If you're not signed in and don't recall your current password, you can reset your password from your team's login page. Click "**Don't remember your password?**", enter your ignite account email, and click **Reset Password**.
