

Release Notes - June 7, 2021

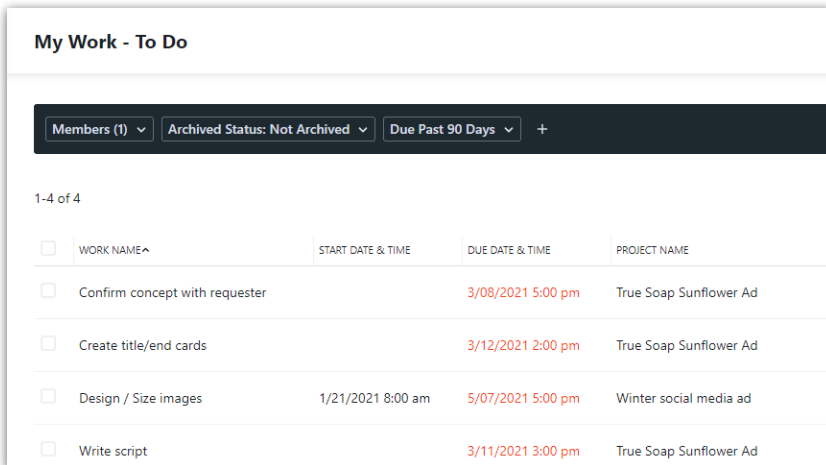

Published on 06/02/2021

Improvements

My Reviews page now displays the review status, making it easy to know the approval status of returned reviews.

Quickly identify which work items are overdue in custom table views! Now any Due Date & Time that occurred in the past will display in red for better visibility.

Feeling nostalgic? Here's what we released...

- **Six months ago: Automatic Date Calculations in Gantt Views** (<https://guide-ignite.inmotionnow.com/help/release-notes-11-2-2020>)
- **One year ago: Reorder your Custom Statuses** (<https://guide-ignite.inmotionnow.com/help/release-notes-5-11-2020>)
- **Eighteen months ago: Bulk Actions in Custom Views** ([https://guide-ignite.inmotionnow.com/help/release-notes-11-4-](https://guide-ignite.inmotionnow.com/help/release-notes-11-4-2019)

2019)

- **Two years ago: Requester Insights** (<https://guide-ignite.inmotionnow.com/help/release-notes-05-15-2019>)
